

Emmbi Industries Limited

“Surpassing the MSME Milestone”

On 27th June, Emmbi Industries Limited was awarded under India's Top MSMEs, by Shri Nitin Gadkari ji, Union Minister for Micro, Small and Medium Enterprises (MSME) who inaugurated the MSME Day 2019 celebrations.

We take pride in announcing that Emmbi was selected in the top 0.03 percentile out of a staggering entries of 34,000 MSMEs pan India!

We have gotten this award right as we have crossed the Rs. 2.5 Billion revenue mark, meaning that we are not really an MSME anymore. However, we will never stop working with and for small businesses throughout the country - as a company promoted by first generation entrepreneurs, we are always excited to support new and coming businesses and business-owners to surpass their goals and promises.
