

ENVIROMENTAL POLICY

The policy of Emmbi Industries Limited is to,

1. Use Standard Environmental Safety norms which are Scientifically Sustainable and Commonly Acceptable.
2. Review and continually improve, “Processes”, “Performance of the products”, “Services” and “Operations” in order to measure their Environmental impact and continually try to reduce its adversity.
3. Work in co-operation with Government agencies and relevant environmental bodies to ensure compliance with high standards of environmental care.
