

Emmbi enhances the Focus on Canal Lining Business Through “Wholly Owned Subsidiary”

Canal Liner business is growing exponentially for the Company. The growth of canal liner business is estimated to be exponential in India.

The canal lining business also requires installations of linings in canals at various locations. In order to lend autonomy to sign contracts for installations with flexibility and focus, Emmbi has formed wholly owned subsidiary called **Emmbi WatCon LLP**.

The main object of Emmbi Watcon LLP is inter-alia to undertake turnkey contracts including installation to do water conservation activities by providing & installing **Canal Liners for various government irrigation corporations**, which will be using the Canal Liner fabric manufactured by Emmbi Industries Limited.
